

University of Toronto Research Study

ARE YOU A PARENT/CAREGIVER* OF AN ADULT NEURODIVERSE INDIVIDUAL?

ARE ROMANTIC RELATIONSHIPS SOMETHING YOU MAY HELP THEM NAVIGATE?

Share your experiences in an
anonymous survey.

Responses may inform the
development of future programs and
resources:

*individuals who self-identify as parents, family members, or caregivers that have been actively involved in the life of a neurodiverse person who is aged 16 or older. This can include parents, family members, or caregivers of individuals with Autism Spectrum Disorder, Down Syndrome, ADHD, Anxiety, OCD, and other developmental disabilities. Please note, the eligible conditions are not limited to the ones listed.
