

Shadow Lake Weekend Respite

October/2022 – April/2023

[REGISTER NOW](#)

Shadow Lake Weekend Respite is a weekend program we offer throughout the year for guests to come for a short weekend getaway. The guests will enjoy a wide variety of both indoor and outdoor activities; all based on the interest and ability levels of our guests. Our individual and group programming will include activities such as arts and crafts, sports, campfires and weather dependent you could be snowshoeing or tobogganing.

Each weekend session consists of one cohort of up to 9 individuals and 3 staff. The sessions run from Friday afternoon until Sunday afternoon and take place between October/2022 to April/2023.

All of our weekend session dates and rates are available to see and book at: www.MyCommunityHub.ca

Shadow Lake Centre is owned and operated

Shadow Lake Weekend Respite

October/2022 – April/2023

Shadow Lake has implemented several enhanced Covid-19 protocols in accordance with our infection, prevention, and control measures. They include (but are not limited to):

- All cabin bathrooms are limited to one person at a time and require sanitization after each use.
- There will be an overnight awake staff in each cabin and they will be responsible for disinfecting the cabin overnight as well as washrooms and any other high touch surfaces throughout the night.
- All staff and visitors will be actively screened upon their arrival to the property. Once admitted onto property they are required to wear a mask at all times. Campers are not required to wear a mask but it is recommended if they wish to or will tolerate wearing one.
- As a parent or caregiver dropping off a participant we ask for your patience and understanding that check-in may take a bit longer than normal due to our screening requirements and the thoroughness of medication check-in that is required.
*All medications must come in a blister pack or the participant will not be accepted.
- Please be aware if your individual tests positive or begins to present symptoms of COVID-19 while at the camp we will ask for you to come pick the individual up within 4 hours of us calling.
- We require all individuals and staff to be fully vaccinated (at least 3 doses) against COVID-19.
